

## **Shipping and transport**

Goods shipped to your stand cannot be delivered before the beginning of construction time. Please consider this when planning your schedules. Exhibitors transport their goods and construction materials to and from the exhibition area at their own cost. Tampere Trade Fairs and Tampere Exhibition and Sports Centre are not responsible for receiving deliveries, so make sure someone from your company is present to receive and sign for your deliveries. You can also contact Suomen Messulogistiikka Ltd. They are able to receive, unload and store the arriving goods on your behalf. This service will be invoiced after the fair.

In order to prevent deliveries from getting lost, they must be clearly marked. Deliveries to the Exhibition centre should be marked as follows:

### ***Tampere Exhibition and Sports Centre (TESC)***

***Name of the event***

***Exhibitor's name and stand number***

***Contact person's name and phone number***

***Ilmailunkatu 20***

***33900 Tampere***

***FINLAND***

## **Forklift service and storage**

The forklift service is provided by Suomen Event Logistics Ltd. The service is subject to a charge and is available during construction and dismantling. Please contact Suomen Event Logistics Ltd to order the service. If your invoice address is different from the address on the agreement, please mention this when placing the order. The forklift service will be invoiced after the event.
