Basic delivery

- Broadband connection with selected connection speed, protected by a firewall. Also available with a public IP-address and without a firewall.
- 4-port switch for 1-4 devices
- Automatic IP-address service (DHCP)
- Installed and functionality tested at the stand. Send the stand layout to Tamico a week before the event. If no layout is provided, the connection is installed at the most suitable location for network implementation.
- Network cables are available for lease (4 cables/connection at maximum).

Order from +358 44 755 2275 or messut.myynti@tamico.fi

Additional services

ICT installations** 105 €/h
Extra cables 1 €/m

Please ask for separate offer for connection speeds over 20 Mbit/s or broadband for more than four devices and cable installation.

* Wireless router at the stand

** For example cable installation or troubleshooting customers` devices.

Placing an order

Include the following information in the order

- Name and time of the event
- Invoice address, business-Id and contact information (name, phone number and e-mail)
- Stand number
- The number of network cables needed (basic delivery includes four 10m cables)
- If you want to define the connection location, please include the stand layout.
- The selected broadband connection and additional services

The broadband connections and additional services will be delivered during the last building day of the event by 6 PM. After the event, leave the leased equipment and cables at the stand somewhere visible.

Technical support

Technical support is available throughout the event for all situations.

Phone number: +358 44 755 2290.

Cancellation policy

Percentage of the order total charged:

- 10% after the order confirmation
- 20% 3–14 days before the event
- 50% 1–2 days before the event

Cancellations will not be accepted after the event has began.

Invoicing and special conditions

Customers will be invoiced for the services after the event, with 7 days net. The penalty interest is 16%. Services that have been ordered less than 14 days before the beginning of the event will be processed as express deliveries (+30% of the price of the order). Tamico's customers with an ongoing broadband connection contract will get 10% discount on event connections. Tamico will charge for all missing or broken network and lease devices. Additional services such as: relocating the connection; cable installment at the stand; trunking; channels/grooves; skirting; taping and installing and testing customers' devices are charged separately. All prices are 0% VAT. NOTE! Splitting the connection between several exhibition stands and retail is prohibited.
