

Saku Metall Allhanke Tehas AS at Alihankinta Fair 2018

- **The most important event for the Finnish industry - Subcontracting Trade Fair will take place in Tampere Exhibition and Sports Centre on 25-27th of September 2018**
- **Enterprise Estonia welcomes you to meet Estonian companies at Alihankinta Fair 2018 in D-HALL/D-220**
- **Saku Metall Allhanke Tehas AS invites you to a Happy Hour on Tuesday, September 25th at 4pm-6pm in D-220**

Subcontracting Trade Fair brings together industrial companies, experts and decision-makers. Approximately 20,000 industry professionals participate in this annual event, which is Finland's leading industry trade fair, where the common denominator for all participants is the desire to achieve more in a better, more effective and productive manner.

Saku Metall Allhanke Tehas has created an LED display made out of glass and metal, with a toy train riding around inside which symbolises firstly the company's constant strive forward and progress, secondly it hints to the train industry - type of industry where the company would gladly focus on more.

Saku Metall AS has been operating for more than 25 years and the enterprise currently has over 300 employees. The business activities have been divided into two branches – manufacturing of doors and outsourcing.

Saku Metall Allhanke Tehas AS is focused on outsourcing projects for different industries such as products for elevators, HVAC, electronics, defense, doors and furniture. Around 95% of the production is exported, over 300 tons of sheet metal is processed on a monthly basis. Saku Metall uses modern technologies and efficient production processes to manufacture high quality products in a short lead time. The company complies with ISO 9001:2015, ISO 14001:2015, EN ISO 3834-2:2005, EN 15085-2 level CL1 quality standards.
